Dear Linda Burhansstipanov, DrPH MSPH (Cherokee Nation),

I feel very fortunate to learn of your organization through the Myers Family. I am a real estate agent who serves in the Denver Metro Area and we listed their home. I founded Pay It Forward Realty, which donates a percentage of my commission to charities, but I allow my buyers or sellers to choose the organization. Directly after closing, we Pay it Forward. The Myers Family chose two cancer related charities to have them split the full amount which was \$2475.00

I am proud to present a check on their behalf for \$1237.50. They wouldn't mind if it was published on your website and they would like for it to say.... From One Cancer Family to Another.

I would love to donate to your foundation again in the future. I am working hard as the owner and founder at, Pay It Forward Realty, to ensure one day this becomes a household name. I have big goals to ensure more people's lives are being touched and helped. If you're looking for any partnership regarding information at your website, please let me know. I would love to add your foundation to my website.
