NACR's Native Patient Navigation Quarterly Trainings

Registration

Patient navigation is a patient-centric healthcare service delivery model. It is a patient-centric concept that concentrates on the movement of patients along the continuum of medical care. Each topic area will include participant interactivities or practical exercises.

- This training is offered by: Native American Cancer Research Corporation (NACR), 1-800-537-8295 or cell: 720-987-8944
- The duration of the training is 2.5 days for cancer content topics listed in draft agenda (i.e., different topics are offered for each quarterly training session)
- All participants need to support their own travel and lodging expenses.
- The Registration fee is \$575 per participant.
- All participants need to support their own travel and lodging expenses.
- Email registration forms to LindaB@NatAmCancer.net and LisaH@NatAmCancer.org
- Mail payments Native American Cancer Research Corporation (NACR), 3022 South Nova Road, Pine, CO 80470-7830.
- Certificates for hours completed are mailed to participants within 2 weeks of completing the training.
- Space is limited for a maximum of 18 participants each training (i.e., Registration closes once 18 people are registered). A waiting list will be maintained in case there are cancellations.
- NOTE: If there are fewer than 10 registrants for any session, the training(s) may be cancelled.

Email LisaH@NatAmCancer.org with any questions or registration materials.
